Candler County Hospital

Exceptional Care, Every Time, Right at Home!

Re: Statement of Going Concern:

Management has evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Candler County Hospital's ability to continue as a going concern for a period of at least twelve months from the date the financial statements are issued.

Based on this evaluation, management believes that Candler County Hospital has sufficient financial resources, including anticipated operating revenues and available liquidity, to meet its obligations as they become due and to continue normal operations for the foreseeable future.

Sincerely,

Will Bennett
